

## **Accellera Supports Interoperability, Attends Magma's MUSIC Users Summit**

*Highlights Unified Power Format Standard*

### **Who**

[Accellera](#), the electronics industry organization focused on Electronic Design Automation (EDA) standards, is attending Magma Design Automation's [MUSIC \(Magma Users Summit on Integrated Circuits\)](#) event to support standards that facilitate electronic design tools interoperability and increase electronic design productivity. The Accellera exhibit will feature information about the organization's low power standard, [Unified Power Format \(UPF\)](#).

### **When and Where**

5-7pm, Thursday, February 28, 2008

Santa Clara Convention Center, 5001 Great America Pkwy, Santa Clara, CA 95054

Exhibit Hall D

### **Information**

For more information about Accellera and Accellera standards, please visit [www.accellera.org](http://www.accellera.org).

To register for MUSIC, please visit [www.magma-da.com/MUSIC](http://www.magma-da.com/MUSIC).

### **About Accellera**

Accellera provides design and verification standards for quick availability and use in the electronics industry. The organization and its members cooperatively deliver much-needed EDA standards that lower the cost of designing commercial IC and EDA products. As a result of Accellera's partnership with the IEEE, Accellera standards are provided to the IEEE standards body for formalization and ongoing change control.

For more information about Accellera, please visit [www.accellera.org](http://www.accellera.org).
